AN ACT

To encourage national industrial recovery, to foster fair competition, and to provide for the construction of certain useful public works, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

TITLE I—INDUSTRIAL RECOVERY

DECLARATION OF POLICY

SECTION 1. A national emergency productive of widespread unemployment and disorganization of industry, which burdens interstate and foreign commerce, affects the public welfare, and undermines the standards of living of the American people, is hereby declared to exist. It is hereby declared to be the policy of Congress to remove obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof; and to provide for the general welfare by promoting the organization of industry for the purpose of cooperative action among trade groups, to induce and maintain united action of labor and management under adequate governmental sanctions and supervision, to eliminate unfair competitive practices, to promote the fullest possible utilization of the present productive capacity of industries, to avoid undue restriction of production (except as may be temporarily required), to increase the consumption of industrial and agricultural products by increasing purchasing power, to reduce and relieve

unemployment, to improve standards of labor, and otherwise to rehabilitate industry and to conserve natural resources.

ADMINISTRATIVE AGENCIES

SEC. 2. (a) To effectuate the policy of this title, the President is hereby authorized to establish such agencies, to accept and utilize such voluntary and uncompensated services, to appoint, without regard to the provisions of the civil service laws, such officers and employees, and to utilize such Federal officers and employees, and, with the consent of the State, such State and local officers and employees, as he may find necessary, to prescribe their authorities, duties, responsibilities, and tenure, and, without regard to the Classification Act of 1923, as amended, to fix the compensation of any officers and employees so appointed.

(b) The President may delegate any of his functions and powers under this title to such officers, agents, and employees as he may designate or appoint, and may establish an industrial planning and research agency to aid in carrying out his functions under this title.

(c) This title shall cease to be in effect and any agencies established hereunder shall cease to exist at the expiration of two years after the date of enactment of this Act, or sooner if the President shall by proclamation or the Congress shall by joint resolution declare that the emergency recognized by section 1 has ended.

CODES OF FAIR COMPETITION

SEC. 3. (a) Upon the application to the President by one or more trade or industrial associations or groups, the President may approve a code or codes of fair competition for the trade or industry or subdivision thereof, represented by the applicant or applicants, if the President finds (1)

that such associations or groups impose no inequitable restrictions on admission to membership therein and are truly representative of such trades or industries or subdivisions thereof, and (2) that such code or codes are not designed to promote monopolies or to eliminate or oppress small enterprises and will not operate to discriminate against them, and will tend to effectuate the policy of this title: *Provided*, That such code or codes shall not permit monopolies or monopolistic practices: *Provided further*, That where such code or codes affect the services and welfare of persons engaged in other steps of the economic process, nothing in this section shall deprive such persons of the right to be heard prior to approval by the President of such code or codes. The President may, as a condition of his approval of any such code, impose such conditions (including requirements for the making of reports and the keeping of accounts) for the protection of consumers, competitors, employees, and others, and in furtherance of the public interest, and may provide such exceptions to and exemptions from the provisions of such code, as the President in his discretion deems necessary to effectuate the policy herein declared.

(b) After the President shall have approved any such code, the provisions of such code shall be the standards of fair competition for such trade or industry or subdivision thereof. Any violation of such standards in any transaction in or affecting interstate or foreign commerce shall be deemed an unfair method of competition in commerce within the meaning of the Federal Trade Commission Act, as amended; but nothing in this title shall be construed to impair the powers of the Federal Trade Commission under such Act, as amended.

(c) The several district courts of the United States are hereby invested with jurisdiction to prevent and restrain violations of any code of fair competition approved under this title; and it shall be the duty of the several district attorneys of the United States, in their respective districts,

under the direction of the Attorney General, to institute proceedings in equity to prevent and restrain such violations.

(d) Upon his own motion, or if complaint is made to the President that abuses inimical to the public interest and contrary to the policy herein declared are prevalent in any trade or industry or subdivision thereof, and if no code of fair competition therefor has theretofore been approved by the President, the President, after such public notice and hearing as he shall specify, may prescribe and approve a code of fair competition for such trade or industry or subdivision thereof, which shall have the same effect as a code of fair competition approved by the President under subsection (a) of this section.

(e) On his own motion, or if any labor organization, or any trade or industrial organization, association, or group, which has complied with the provisions of this title, shall make complaint to the President that any article or articles are being imported into the United States in substantial quantities or increasing ratio to domestic production of any competitive article or articles and on such terms or under such conditions as to render ineffective or seriously to endanger the maintenance of any code or agreement under this title, the President may cause an immediate investigation to be made by the United States Tariff Commission, which shall give precedence to investigations under this subsection, and if, after such investigation and such public notice and hearing as he shall specify, the President shall find the existence of such facts, he shall, in order to effectuate the policy of this title, direct that the article or articles concerned shall be permitted entry into the United States only upon such terms and conditions and subject to the payment of such fees and to such limitations in the total quantity which may be imported (in the course of any specified period or periods) as he shall find it necessary to prescribe in order that the entry thereof shall not render or tend to

render ineffective any code or agreement made under this title. In order to enforce any limitations imposed on the total quantity of imports, in any specified period or periods, of any article or articles under this subsection, the President may forbid the importation of such article or articles unless the importer shall have first obtained from the Secretary of the Treasury a license pursuant to such regulations as the President may prescribe. Upon information of any action by the President under this subsection the Secretary of the Treasury shall, through the proper officers, permit entry of the article or articles specified only upon such terms and conditions and subject to such fees, to such limitations in the quantity which may be imported, and to such requirements of license, as the President shall have directed. The decision of the President as to facts shall be conclusive. Any condition or limitation of entry under this subsection shall continue in effect until the President shall find and inform the Secretary of the Treasury that the conditions which led to the imposition of such condition or limitation upon entry no longer exists.

(f) When a code of fair competition has been approved or prescribed by the President under this title, any violation of any provision thereof in any transaction in or affecting interstate or foreign commerce shall be a misdemeanor and upon conviction thereof an offender shall be fined not more than \$500 for each offense, and each day such violation continues shall be deemed a separate offense.

AGREEMENTS AND LICENSES

SEC. 4. (a) The President is authorized to enter into agreements with, and to approve voluntary agreements between and among, persons engaged in a trade or industry, labor organizations, and trade or industrial organizations, associations, or groups, relating to any trade or industry, if in his judgment such agreements will aid in effectuating

the policy of this title with respect to transactions in or affecting interstate or foreign commerce, and will be consistent with the requirements of clause (2) of subsection (a) of section 3 for a code of fair competition.

(b) Whenever the President shall find that destructive wage or price cutting or other activities contrary to the policy of this title are being practiced in any trade or industry or any subdivision thereof, and, after such public notice and hearing as he shall specify, shall find it essential to license business enterprises in order to make effective a code of fair competition or an agreement under this title or otherwise to effectuate the policy of this title, and shall publicly so announce, no person shall, after a date fixed in such announcement, engage in or carry on any business, in or affecting interstate or foreign commerce, specified in such announcement, unless he shall have first obtained a license issued pursuant to such regulations as the President shall prescribe. The President may suspend or revoke any such license, after due notice and opportunity for hearing, for violations of the terms or conditions thereof. Any order of the President suspending or revoking any such license shall be final if in accordance with law. Any person who, without such a license or in violation of any condition thereof, carries on any such business for which a license is so required, shall, upon conviction thereof, be fined not more than \$500, or imprisoned not more than six months, or both, and each day such violation continues shall be deemed a separate offense. Notwithstanding the provisions of section 2 (c), this subsection shall cease to be in effect at the expiration of one year after the date of enactment of this Act or sooner if the President shall by proclamation or the Congress shall by joint resolution declare that the emergency recognized by section 1 has ended.

SEC. 5. While this title is in effect (or in the case of a license, while section 4 (a) is in effect) and for sixty days thereafter, any code, agreement, or license approved, pre-

7

scribed, or issued and in effect under this title, and any action complying with the provisions thereof taken during such period, shall be exempt from the provisions of the anti-trust laws of the United States.

Nothing in this Act, and no regulation thereunder, shall prevent an individual from pursuing the vocation of manual labor and selling or trading the products thereof; nor shall anything in this Act, or regulation thereunder, prevent anyone from marketing or trading the produce of his farm.

LIMITATIONS UPON APPLICATION OF TITLE

SEC. 6. (a) No trade or industrial association or group shall be eligible to receive the benefit of the provisions of this title until it files with the President a statement containing such information relating to the activities of the association or group as the President shall by regulation prescribe.

(b) The President is authorized to prescribe rules and regulations designed to insure that any organization availing itself of the benefits of this title shall be truly representative of the trade or industry or subdivision thereof represented by such organization. Any organization violating any such rule or regulation shall cease to be entitled to the benefits of this title.

(c) Upon the request of the President, the Federal Trade Commission shall make such investigations as may be necessary to enable the President to carry out the provisions of this title, and for such purposes the Commission shall have all the powers vested in it with respect of investigations under the Federal Trade Commission Act, as amended.

employees shall have the right to organize and bargain collectively through representatives of their own choosing, and shall be free from the interference, restraint, or coercion of employers of labor, or their agents, in the designation of such representatives or in self-organization or in other concerted activities for the purpose of collective bargaining or other mutual aid or protection; (2) that no employee and no one seeking employment shall be required as a condition of employment to join any company union or to refrain from joining, organizing, or assisting a labor organization of his own choosing; and (3) that employers shall comply with the maximum hours of labor, minimum rates of pay, and other conditions of employment, approved or prescribed by the President.

(b) The President shall, so far as practicable, afford every opportunity to employers and employees in any trade or industry or subdivision thereof with respect to which the conditions referred to in clauses (1) and (2) of subsection (a) prevail, to establish by mutual agreement, the standards as to the maximum hours of labor, minimum rates of pay, and such other conditions of employment as may be necessary in such trade or industry or subdivision thereof to effectuate the policy of this title; and the standards established in such agreements, when approved by the President, shall have the same effect as a code of fair competition, approved by the President under subsection (a) of section 3.

(c) Where no such mutual agreement has been approved by the President he may investigate the labor practices, policies, wages, hours of labor, and conditions of employment in such trade or industry or subdivision thereof; and upon the basis of such investigations, and after such hearings as the President finds advisable, he is authorized to prescribe a limited code of fair competition fixing such maximum hours of labor, minimum rates of pay, and other conditions of employment in the trade or

industry or subdivision thereof investigated as he finds to be necessary to effectuate the policy of this title, which shall have the same effect as a code of fair competition approved by the President under subsection (a) of section 3. The President may differentiate according to experience and skill of the employees affected and according to the locality of employment; but no attempt shall be made to introduce any classification according to the nature of the work involved which might tend to set a maximum as well as a minimum wage.

If such group fails to select its representatives within fifteen days after the effective date of this code, the code supervisor shall select such persons to serve until such representatives are elected.

(b) Eight (8) members, representing slaughterhouse operators, to be selected as follows: (1) Three (3) members shall be selected by the Live Poultry Slaughter House Association, Inc., of New York; (2) Three (3) members shall be selected by the Merchants' Association for Live Poultry, Inc., of New York; (3) Two (2) members, not members of either of said associations, shall be elected by a majority vote of members of the industry who are not members of either of said associations at a meeting or convention of such nonmembers. At least one of these members must have his business located outside the five boroughs of the city. Such nonmembers may vote at such meeting by mail and a vote cast by mail shall have the same force and effect as a vote cast at such meeting. Each member of the industry defined as either a wholesale slaughterhouse operator and/or retail slaughterhouse operator shall be entitled to one vote. If such group fails to select its representatives within fifteen days after the effective date of this code, the code supervisor shall select such persons to serve until such representatives are elected.

(c) Not more than one officer, director, or employee of any member of the industry shall be a member of the industry advisory committee.

(d) In addition to membership as above provided the Secretary and the Administrator may each appoint one representative, not a member of the industry, without vote to serve for such terms as they may specify.

(e) Members of the industry advisory committee shall be subject to the disapproval of the Secretary and/or Administrator.

(f) Members of the industry advisory committee shall serve for one year or until their successors are elected.

(g) All vacancies occurring in the membership of the industry advisory committee shall be filled for the unexpired term by the vote of the remaining members of the division of the industry advisory committee in which such vacancy occurs.

(h) Each trade or industrial association directly or indirectly participating in the selection or activities of the industry advisory committee shall (1) impose no inequitable restrictions on membership, and (2) submit to the Secretary and the Administrator true copies of its articles of association, by-laws, regulations, and any amendments when made thereto, together with such other information as to membership, organization, and activities as the Secretary or the Administrator may deem necessary to effectuate the purposes of the act.

(i) In order that the industry advisory committee shall at all times be truly representative of the industry and in other respects comply with the provisions of the act, the Secretary or the Administrator may prescribe such hearings as he may deem proper; and thereafter if he shall find that the industry advisory committee is not truly representative or does not, in other respects, comply with the provisions of the act, may require an appropriate modification in the method of selection of the industry advisory committee, or take such other action as the evidence adduced at the hearing may warrant.

(j) Nothing contained in this code shall constitute the members of the industry advisory committee and code supervisor partners for any purpose. Nor shall any member of the industry advisory committee and/or the code super-

visor be liable in any manner to anyone for any act of any other member, officer, agent, or employee of the industry advisory committee and/or the code supervisor. Nor shall any member of the industry advisory committee or the code supervisor, exercising reasonable diligence in the conduct of his duties hereunder, be liable to anyone for any action or omission to act under this code, except for his own wilful malfeasance or nonfeasance.

(*k*) If the Secretary or the Administrator shall determine as to matters subject to their respective jurisdiction that any action of the industry advisory committee and/or the code supervisor or any agency thereof may be unfair, or unjust, or contrary to the public interest the Secretary or the Administrator, as the case may be, may require that such action be suspended to afford an opportunity for investigation of the merits of such action and further consideration by such industry advisory committee and/or the code supervisor or agency pending final action, which shall not be effective unless the Secretary or the Administrator approves, or unless he shall fail to disapprove after thirty days' notice to him of intention to proceed with such action in its original or modified form.

2. The powers and duties of the industry advisory committee shall be as follows:

(*a*) To cooperate with the code supervisor in the administration of this code and to assist him in procuring the observance of the provisions thereof.

(*b*) To perform such functions as are delegated to it by the provisions of section 1 of this article.

(*c*) To act as a planning and research agency for the industry and to make recommendations to the code supervisor for amendments or modifications to this code, designed to effectuate the policy of the act.

(*d*) To cooperate with the Bureau of Agricultural Economics in the preparation of uniform standards, grades

(including consumer grades), and terminology for the various products of the industry. The industry advisory committee shall within six (6) months of the approval of this code forward its recommendations on standards, grades, and terminology to the Secretary. When, after due notice and an opportunity for a hearing, standards, grades, and terminology for any produce of the industry are promulgated by the Secretary all members of the industry may use such standards, grades, and terminology in the purchase and sale of all products, wherever applicable, and, if so, shall conspicuously designate such standards and grades on produce or packages of produce, wherever applicable.

(e) To cooperate in furthering a National code of fair competition for the marketing division of the egg and poultry industry.

3. The code supervisor, with the approval of the industry advisory committee, is authorized to incur such expenses and to make such expenditures as may be necessary for the maintenance of this code. All moneys collected shall be deposited and disbursed in the name of one of the members of such industry advisory committee, designated as treasurer, who shall furnish bond in an amount satisfactory to the industry advisory committee. The members of the industry advisory committee shall serve without compensation, but shall be entitled to their expenses which are necessarily incurred in the performance of their duties hereunder.

4. Each member of the industry, subject to the jurisdiction of the code, shall pay to the industry advisory committee his pro rata share of all expenses incurred in the administration of this code, and shall make payment upon due notice from the industry advisory committee of his share of such expenses and after opportunity for a hearing to any party dissatisfied with the amount of his assess-

ment. Such pro rata share shall be based upon volume of business, or such other factors as the industry advisory committee may deem equitable, and shall be subject to the disapproval of the Secretary and/or Administrator. The industry advisory committee shall have power to institute legal proceedings in its own name and to take any other steps which may be necessary to collect such assessments from members of the industry.

**4. REPORTS TO THE PRESIDENT RECOMMENDING
APPROVAL OF THE LIVE POULTRY CODE**

A. REPORT OF THE SECRETARY OF AGRICULTURE
AGRICULTURAL ADJUSTMENT ADMINISTRATION
LETTER OF TRANSMITTAL

April 10, 1934.

The PRESIDENT,
The White House.

DEAR MR. PRESIDENT: I have the honor to submit the following:

1. There is transmitted herewith a code of fair competition for the live poultry industry of the metropolitan area in and about the City of New York, which I recommend for your approval and which the National Recovery Administrator recommends for your approval with reference to the labor provisions thereof. There accompanies the code the report of the Administrator of the Agricultural Adjustment Act, the report of the Administrator of title I of the National Industrial Recovery Act, and a true, correct, and complete stenographic report of all evidence introduced at a public hearing on said code, held pursuant to section 3 (a), title I of the National Industrial Recovery Act.

2. By virtue of Executive Order No. 6182, of June 26, 1933, as supplemented by Executive Order No. 6207, of July 21, 1933, and Executive Order No. 6345, of October 20, 1933, as amended by Executive Order No. 6551, of January 8, 1934, which, pursuant to title I of the National Industrial Recovery Act of June 16, 1933 (Public, No. 67, 73rd Congress), delegated to me, as Secretary of Agriculture, certain of the powers vested in the President of the United States by the aforesaid act, and after considering the aforesaid code of fair competition and a true, correct, and complete stenographic report of all evidence introduced

at such public hearing, and being fully advised in the premises, I make the following findings:

1. That an application has been duly made by the New York Live Poultry Commission Merchants Association, the Live Poultry Slaughterhouse Association, Inc., of New York, and the Merchants Association for Live Poultry, Inc., of New York, pursuant to and in full compliance with the provisions of title I of the National Industrial Recovery Act, approved June 16, 1933, for the approval of the President, of the Code of Fair Competition for the Live Poultry Industry of the Metropolitan Area of New York. Said New York Live Poultry Commission Merchants Association, Live Poultry Slaughterhouse Association, Inc., of New York, and Merchants Association for Live Poultry, Inc., of New York, and the advisory body provided for in such code, are truly representative of the industry, and no inequitable restrictions on admission to membership are imposed by them.

2. That the live poultry industry of the metropolitan area in and about the City of New York, covered by such code, is included within the trades, industries, or subdivisions thereof enumerated in section II of Executive Order No. 6551, of January 8, 1934 (amending an Executive Order No. 6182, of June 26, 1933, as supplemented by Executive Order No. 6207, of July 21, 1933, and Executive Order No. 6345, of October 20, 1933).

3. That the provisions of the code establishing standards of fair competition (a) are regulations of transactions in or affecting the current of interstate and/or foreign commerce and (b) are reasonable.

4. That the code is not designed to promote monopolies or to eliminate or oppress small enterprises and will not operate to discriminate against them and will not permit monopolies or monopolistic practices.

5. That the code will not prevent an individual from pursuing the vocation of manual labor and selling or trading the products thereof nor prevent anyone from marketing or trading the produce of his farm.

6. That due notice and opportunity for hearing, in connection with the aforesaid code, has been afforded interested parties, in accordance with title I of the National Industrial Recovery Act and applicable regulations issued thereunder.

7. That said code will tend to effectuate the declared policy of title I of the National Industrial Recovery Act as set forth in section 1 of said act in that the terms and provisions of such code tend to: (a) Remove obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof; (b) to provide for the general welfare by promoting the organization of industry for the purpose of cooperative action among trade groups; (c) to eliminate unfair competitive practices; (d) to promote the fullest possible utilization of the present productive capacity of industries; (e) to avoid undue restriction of production (except as may be temporarily required); (f) to increase the consumption of industrial and agricultural products by increasing purchasing power; and (g) otherwise to rehabilitate industry and to conserve natural resources.

8. That said code, when approved by the President, will constitute a code of fair competition for the live poultry industry of the metropolitan area in and about the City of New York within the meaning of section 3 (a) of title I of the National Industry Recovery Act.

Respectfully,

H. A. WALLACE,
Secretary.

B. REPORT OF THE ADMINISTRATOR FOR INDUSTRIAL
RECOVERY

NATIONAL RECOVERY ADMINISTRATION
LETTER OF TRANSMITTAL

April 9, 1934.

The PRESIDENT,
The White House.

SIR: This is the report on those portions of the Code of Fair Competition for the Live Poultry Industry of the Metropolitan Area in and about the City of New York which, pursuant to the relative Executive orders, are subject to the jurisdiction of the Administrator for Industrial Recovery. A public hearing was conducted on January 17, 1934, in accordance with the provisions of the National Industrial Recovery Act and Executive Order dated June 26, 1933.

GENERAL

The functions of this industry include the business of selling, purchasing for resale, transporting or handling, and/or slaughtering live poultry from the time such poultry comes into the New York Metropolitan Area to the time it is first sold in slaughtered form.

The code was submitted and sponsored by the New York Live Poultry Slaughter House Association, Incorporated, consisting of approximately 350 wholesale firms; the Retail Merchants' Association of the Live Poultry Industry, Incorporated, of New York City, representing approximately 150 retail shops; and the New York Live Poultry Commission Merchants' Association, Incorporated, consisting of approximately 21 commission agencies. These three associations comprise in their membership the leaders of the

industry in and about the metropolitan area of the City of New York and represent about 90 percent of the live poultry industry by numbers and by volume of business. It is estimated that the industry, as defined in the code, comprises about 521 commission merchants and slaughterhouse operators supplying the consuming public with practically all of the live poultry coming into the metropolitan area from 41 States, doing an aggregate annual business of approximately \$90,000,000.00.

From the information received, in the year 1933 there were employed in this industry in the neighborhood of 1,610 employees. The industry has been sorely depressed due not only to the prevailing economic conditions of the past few years, but also to the many unfair methods of competition that have prevailed, and to the many evils and abuses that have developed as a result of the uncontrolled methods of doing business. These conditions have, in the period of from 1929 to date, reduced the number of employees by approximately 40 percent. It is believed that by the adoption of this code, the economic conditions within the industry will be substantially improved and the industry in general will be compelled to operate on a more efficient and legitimate basis. The report of the Research and Planning Division indicates that this code will effectuate an increase in wages of about 20 percent in this industry. Likewise, the report of the Research and Planning Division indicates that the code will establish an increase in employment of 19.2 percent.

The administration of the code, as designed, is to be placed in the control of a code supervisor selected by the Secretary of Agriculture and the Administrator of the National Recovery Administration with the approval of the advisory committee of the industry. The industry advisory committee consists of 15 employers representing fairly and equitably the branches of the industry and localities included within the code area. The code supervisor is given powers and duties, subject to the disapproval of the Secre-

tary and/or the Administrator, and is himself subject to removal at any time by those officials. The proposal for concentrated authority is in response to the unanimous demand of the industry itself.

The code contains provisions for the establishment of a labor advisory committee, subject to the approval of the Administrator, and such additional advisory committees as may be necessary to aid the code supervisor in the administration of the code.

PROVISIONS AS TO HOURS

The code provides for a maximum forty-hour week, a normal day not to exceed eight (8) hours except Thursdays and Saturdays when it shall not exceed twelve (12) hours, with the following exceptions:

(a) Executive, managerial, and/or professional employees and outside salesmen receiving regularly thirty-five dollars (\$35.00) per week or more.

(b) A maximum forty-eight hour week for slaughterhouse employees.

(c) During the Jewish holidays and legal holidays, employees may be permitted to work in excess of the above hours, provided the total number of such days shall not exceed forty-two (42) in any one calendar year.

(d) A complete report shall be made monthly to the code supervisor on the number of hours worked by employees, pursuant to (c) above, also the number of hours worked by part-time, emergency, or temporary employees.

(e) No employee shall be permitted to work more than six days in any one week, except that an employer may use not over two of his employees on the seventh day for the purpose of feeding live poultry.

(f) Employees on emergency maintenance or repair work involving break-downs or protection of life or prop-

erty are permitted to work in excess of the maximum hours set forth herein, provided that such hours above the maximum are compensated at the rate of time and one-third.

PROVISIONS AS TO WAGES

The minimum rate of pay established for each employee is 50 cents per hour with the following exceptions:

(a) Overtime work over and above the maximum hour classifications is to be paid at the rate of not less than time and one-third for such overtime; likewise, for work done on Sundays and Jewish and legal holidays.

(b) Article IV, Section 3, provides that the code supervisor, the labor advisory committee, and the industry advisory committee shall submit a report to the Administrator within six months after the effective date of this code setting up an equitable adjustment of all wages above the minimum.

(c) The code establishes that a minimum rate of pay shall apply irrespective of whether an employee is actually compensated on a time-rate, piece-rate, or other basis.

(d) Male and female employees performing substantially the same work shall receive the same rates of pay.

GENERAL LABOR PROVISIONS

(a) This code prohibits the employment of any persons under 16 years of age and under 18 years of age at occupations hazardous and/or dangerous to health.

(b) The code contains the provisions that every employer shall provide for the safety and health of employees during the hours and places of their employment. Standards of safety and health shall be submitted by the code supervisor to the Administrator within six months after the effective date of this code.

(c) Terms of employment shall not, by reason of relationship of employer and employee other than that of marriage, be exempt from the provisions of this code.

(d) This code contains the standard clause affecting handicapped workers as required by Executive order under date of February 17, 1934.

(e) The posting of the code shall be in accordance with such rules and regulations as defined and issued by the Administrator.

(f) It is believed that under article V, section 9, employment will be increased to the extent of 210 or more persons in the industry and will standardize the cost of marketing and selling.

COMPLIANCE WITH MANDATORY PROVISIONS

The Administrator finds that:

(a) The code as recommended complies in all respects and without limitation to the provisions of—

Subsection (a) of section 7 and subsection (b) of section 10 of the National Industrial Recovery Act.

Accordingly, I recommend the approval of the Code of Fair Competition for the Live Poultry Industry of the Metropolitan Area in and about the City of New York, hereof, to the extent of my jurisdiction, as stated in your Executive order of June 26, 1933.

Respectfully yours,

HUGH S. JOHNSON,
Administrator.
